The Secretary-General of the Middle East Council of Churches, Father Michel Jalakh, condemns in his personal name and in the name of the presidents and of the Council's Executive Committee members the violations against the Orthodox Patriarchate in the Holy Land, which is beyond all the limits of justice.

The Council, in solidarity with His Beatitude Theophilus III, Patriarch of Jerusalem, All Palestine and Jordan supports all the steps that His Beatitude is declaring to denounce any decisions that negatively affect the Orthodox Church in the Holy Land, because these judgments are unjust and thus not only harm the Church there but all churches in the Middle East and Christians in general.

We call upon God to grace His Beatitude Theophilus III with wisdom to take the right steps for the good of our Christian brethren. We declare our resolution to stand by his side and raise our prayers to our Heavenly Father to make the righteous shine again in the Holy Land.

Fr. Michel Jalakh - Secretary General
